

# Snap Hook End Fixing

## Applications

The snap hook end fixing is a quick and ideal method for fixing to:

- Beam and purlin clips
- Any clip bracket with a 6mm hole
- Light fittings
- Luminaires
- Heater panels

## Product Advantages

- Easy initial snap-on attachment for securing the Gripple Hanger onto an existing structure
- Ideal for services that require maintenance
- Can be attached to any clip bracket with a 6mm hole
- Can be detached to allow loading of tray or basket with new cables

## Snap Hook End Fixing Sizes

| Size | Weight range |
|------|--------------|
| No.1 | 0 – 10kg     |
| No.2 | 10 – 45kg    |
| No.3 | 45 – 90kg    |

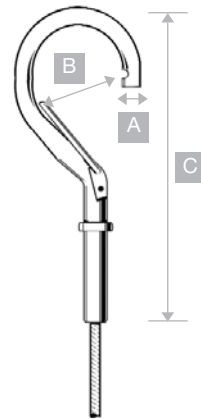

- The above sizes have a 5:1 safety factor.
- Available in lengths 1m to 10m as standard – other lengths on request.
